

Celebrating Success: Implementation of Home First Vision (Oct 18)

Issue	Impact
Long Term Support:	There has been a significant shift in how needs are met with a much lower proportion of people now living in a care home than there were 2 years ago.
Delayed Transfer of Care:	Bradford is ranked 4 on the overall rate of delayed days per 100,000 population aged 18+. Good example of the partnership working and strong relationships between Health and Social Care. DH and Social Care Health and social care interface dashboard ranking for Bradford , also CQC system review –Vision is owned across system we have made a good start
Early Help and Prevention (EHAP)	Pilot began in Access in May with occupational therapists integrated within the team. The aim is to respond quickly to contacts to prevent issues escalating and reducing the need for reablement and potentially long term support.
Managing demand at front door	Implementation of Strength based practice in Access has started having an impact on reducing number of people coming through for assessments, while increasing the number of people being signposted to community based services.
Community hubs	Using the Community Led Social Work model, Let’s Connect hubs have been rolled out across the district so that people can have a face to face chat with a social care worker.
Day care review	Working with National Development Team for Inclusion (NDTI) to help reimagine what a more personalized model of support (reimagine day care) would look like in Bradford enabled through the new Individual Service Fund model.
Advocacy Services	recommissioned our advocacy services to ensure that people have access to the right support to ensure their wishes, feelings and beliefs are central to decision making including those who lack the mental capacity to make the specific decision about where to live to meet their care and support needs.

Celebrating Success (April 19)

Staff across the department have been doing excellent work – and we would like to thank you all for your contribution.

Sharing learning and celebrating success!

Over the last 6 months, staff within the department have overseen and delivered major change initiatives, which have directly and indirectly contributed to the delivery of our Happy, Healthy and at Home Vision and supporting strategic outcomes.

These initiatives have had a positive impact on people's lives; supported efficiencies and improved practice – now is your chance to hear more from the staff who have made it happen

Number of schools involved in the Daily Mile challenge increased to 42 schools from across the Bradford District

Supported 350 people for a range of issues including: to avoid falls; poor nutrition, and around improving general wellbeing, a further 130 individuals were supported around issues such as fuel poverty and debt advice

Awarded a discovery phase grant from the Local Government Association, for a bid jointly submitted by the local authority, Born in Bradford, The Council of Mosques, Cnet and CCGs to help reduce child obesity in the district.

The StoreHouse food hub, together with the Public Health department at Bradford Council has supported over 300 food projects and fresh food markets.

April to Oct 2019

Between 18-24 June over 3,000 people across Bradford district were inspired to live well as part of the launch of the new Living Well service and the mylivingwell.co.uk website

Joint working between senior colleagues in the CCG and Commissioning and Integration has unblocked several key issues including care home recommissioning contracting arrangements and care home fee uplift.

In mid July the Commissioning Team ran a provider forum attended by over 100 providers including nursing and residential home providers, home support providers and the voluntary sector.

Launched Mental Health Matters; Thrive in Bradford; and the MyWellbeing College porta – to support mental wellbeing!

Through the home support reviews, OTs are identifying an increasing number of cases where equipment and advice can be used to maximise independence
